

ELECTRIC SCISSORS

3226

The Narrow Conventional 3226 Electric Scissor Lift offers a high capacity and large platform areas, making them suitable for any on-slab application. Featuring variable speed rear wheel hydraulic drive, the SJIII 3226 offers working heights up to 9.9m and 25% gradeability. The lightest machines in their class, these models offer a standard 0.9m roll out extension deck, and both models can be driven at full height. The 3226 can also access through standard doorways with non-marking tyres and fold down handrails as standard.
