

ELECTRIC SCISSORS

4626

The 4626 Scissor Lift is an ideal choice for indoor applications such as facilities management and mechanical engineering due to its large platform size, non-marking tyres, and variable speed drive. The SkyJack 4626 scissor lift is a reliable and durable electric powered access platform with a cage capacity of 454kg, suitable for both indoor and outdoor use. It is drivable at full height, with solid tyres and pothole protection for added safety in outdoor applications.

Specifications
