AN ESTABLISHED NATIONAL SUPPLIER OF SCISSOR AND BOOM LIFTS FOR SALE & HIRE

Data Sheet

ELECTRIC/BI-FUEL BOOMS

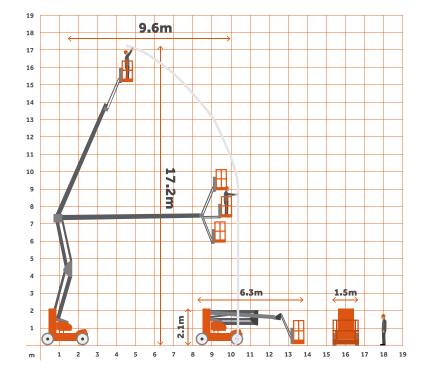

HR17

The HR17 offers one of the most impressive working envelopes in its class, with a compact base for easy manoeuvrability in enclosed spaces, an extremely low overall weight to reduce transportation costs, and a 1.8m wide ToughCage for more space for materials and tools. Its 150° fly-boom with 180° cage rotation increases accuracy when positioning the cage, while the tough, impact-resistant composite base and larger cross-section steel rails of the ToughCage give additional strength and durability.

Specifications

| Working Height | 17.20m |
|---------------------|--------|
| Platform Height | 15.20m |
| Overall Length | 6.30m |
| Stowed Height | 2.10m |
