

ELECTRIC/BI-FUEL BOOMS

STAR10

The Star10 has full electric drive with the ability to drive at full height with proportional controls it provides for a smooth and progressive movement. It has a narrow turning radius for better accessibility and it has increased safety with 3° slope sensor and pot hole protection. The positive/negative jib offers more flexibility throughout the working envelope it also has a 2.8 mph (4.5 km/h) travel speed. The Star10 overall is robust, reliable and easy to maintain. A great electric machine able to work all different types of environments.

Specifications

Working Height	10m
Platform Height	8m
Overall Length	2.62m
Stowed Height	1.99m
Deck Extension	N/A
Width	1.19m
Weight Overall	2765kg
Cage Capacity	200kg
Horizontal Outreach	3m
Fold-down Hardrail	No
